

Established in 1984, Hennepin Faculty Associates (HFA) is the independent, nonprofit corporation of more than 270 physicians and dentists who provide services at Hennepin County Medical Center and HFA-owned clinics.

HFA physicians and dentists are supported by HFA administration, a group of nearly 400 administrative, technical, and health care professionals. As members of the health care industry, HFA employees work in an environment of growth and change. But not everything changes. Values provide a constant to guide us in our work and help us give quality service to our customers.

Above all, we value our patients, and with each other we value an atmosphere of mutual respect. We value teamwork and open communication among all levels of staff. We believe in professionalism, and support the development of a knowledgeable and skilled work force.

**I know the effort
I make to improve
patients' health
is worth it. I make
a difference
every day.**

HFA values

We value our patients and believe in providing the best quality services to the public, the physicians, and to ourselves. With each other, we value an atmosphere of mutual respect and encourage open communication among all employees throughout the organization. As part of the health care industry, HFA employees work in an environment of growth and change, and HFA values the ability of its employees to adapt.

Job opportunities

HFA strives to recruit and retain skilled talent, offering a professional work environment, flexible schedules, career enhancement opportunities, competitive wages, and an exceptional benefits package that includes medical, dental, life, and long-term disability insurances; a retirement plan (9.5% employer contributions and vesting after 3 years); generous vacation, holiday, and sick time; a flexible benefits plan; and pre-tax parking and bussing.
